# Unitopia

BUILDING UTOPIA

To design your utopian society, you need to think about what aspects or components of it are most important. Complete the diagram below, with the most number one aspect at the top, moving downwards in order of importance. Examples are in on the next page, but please do think of your own!

Large society - meet new people every day

People feel safe

Variety of fun and interesting jo

y well organised – runs smoothly

Strong sense of commu

Very green – lots of space

ociety - not overwhelming

Very populated – lots of different pe
and things to do

Everyone earns a lot

Emphasises healthy living

ge amount of support services (health, security, etc.)

Everyone works hard

Lively, 24/7 feel

Looks beautiful

People can live independently – everyone has their own space

Lots of time to see friends/socialise

People are educated to the highest standards

Very hi-tech

imple way of life – quite slow paced

Huge amount of diversity – wide variety of peo

By all accounts a very happy society

Meritocracy – those who work harder achieve more

Constantly changing/evolving
